

Emma Armstrong Scholarship

This scholarship honors the memory of Emma Armstrong from Hussar, Alberta. Emma had a strong personality with a huge smile and an infectious laugh that came right from her toes. She was very driven, social and personable which helped develop lifelong friendships. She was always willing to lend a hand and step up when needed. Emma enjoyed many activities and sports through school and extracurricular, such as curling, badminton, baseball, hockey and many water skiing activities. Often she could be found in a leadership role with much respect from her peers. She was born and raised in Hussar and attended Hussar School for elementary. With no junior high option in Hussar, students from Emma's class moved to their choice of schools in the surrounding area. Emma continued her education at Crowther Memorial Junior High and Strathmore High School. With classmates, friends and family all attending different schools in different communities, it allowed many new friendships and bonds to be made.

Emma was killed in a tragic car accident at the age of 16, just 11 days before her 17th birthday. Her parents Clay and Colleen along with her brother Cort wish to honour her memory by offering a scholarship from the generous contributions made from friends, family, teams, clubs and different organizations from surrounding communities.

This scholarship will be available to any student who has attended a school in **Strathmore, Drumheller, Bassano or Wheatland Crossing.**

Emma would have been a high school graduate in 2019. This year we are offering two - \$1000.00 scholarships to the successful applicants. Next year a new scholarship amount will be available. This scholarship is given to a worthy recipient(s) who is entering post-secondary school, within the next three years.
